Addendum to

Application number: 2679/21/FUL

Address: Wilma, Woodcourt Road, Habertonford TQ9 7TY

Proposal: Planning Consent for new dwelling following Permission in Principle application 0573/19/PIp

Subsequent to the issue of the report for application 2679/21/FUL a new application form has been submitted to amend the description of the proposal from:

'Full planning application for Technical Details Consent for new dwelling following Permission in Principle application 0573/19/PIP'

to 'Planning Consent for new dwelling following Permission in Principle application 0573/19/PIp'

This has been submitted to address a slight difference in the red outline identifying the site from the original Permission in Principle application, to include the area for the drainage system.

There is no material change to the application to that previously considered. However as this is a change in the description a 14 day re-consultation has been carried out in line with statutory requirements.
